RAIN INTERRUPTS, BUT DOESN'T HALT, ACTIVITIES ON MOLLYCODDETT DAY

Bethel's annual Mollycoddett Day last Saturday was held under varied weather conditions, including interruptions of heavy showers in the afternoon.

The initial event of the day, bicycle racing, was held under cloudy skies. (See article, page 10, for results.) Following the bicycle races, what was said to be one of the best parades in years, perhaps ever, moved up Main Street. Led by the colorful Manchester (N. H.) Muchachos Precision Drill Team and Bugle Corps, some 50 floats or marching groups, were well received by the enthusiastic crowd, one of the largest in years despite the changing skies, alternately cloudy and sunny.

Immediately following the Drum and Bugle Corps was a stage coach of the Milton Mills family of Bryant Pond, drawn by Dick Douglass's pair of ponies, with Mr. Douglass as teamster. The coach was graced by Miss Mollycoddett, April Rugg, daughter of Mr. and Mrs. Carlton Rugg of Albany. Miss Rugg was selected by judges as the prettiest marcher in the parade.

The float of the West Parish Congregational Church, featuring Ned Hastings playing a melodeon over 136 years old, was awarded first place by the judges. A group of church members on the float with Mr. Hastings sang gospel and patriotic songs.

In second place was the Covered Wagon, Colonial Days of Andover, third place, Little Red School House, entered by Flowers by April Lynn.

Adjudged as funniest was the group of clowns, Barbara D. Brown, Louise Lincoln and Barbara Douglass.

Following the parade, the Manchester Muchachos demonstrated their prowess in an exhibition on the Gould Athletic Field. The drill team's performance was attended by several hundred appreciative onlookers.

As the clouds became more ominous, four parachutists, Bill Fifer, Roger Truro, and Carney Daniels, of Berlin, N. H.; and Alan Chapman of Bethel, from the White Mountain Sky Divers gave an exhibition of their specialty.

Delayed by a heavy shower in its one o'clock scheduled start, the competition in the Fourth Annual Maine Open Woodsmen's Championships was completed at about 8:45 in the evening, being interrupted several times during the afternoon by showers. (See separate article, page 10.)

The All-Star Game of the Pino Tree League scheduled for the Gould Field was cancelled by rain and wet grounds.

Booths and concessions on the Common are said to have been successful despite inclement weather. An exhibit of drawings and paintings at the Bethel Library, and a fashion show at the Window Box drew their share of attention during the day.

For the past several years this traditional event has been sponsored by the Bethel Lions Club.

Mr. Moorehead noted the exterior design of Sudbury Village is similar in many respects to Rustfield Village, but added there have been a number of interior changes in the Sudbury floor plan.

Chief among the changes at Sudbury, Moorehead said, was the elimination of basements and the placing of laundry areas on the first floor of each of the two apartment buildings.

He said the change eliminated the necessity of apartment occupants to go up and down stairs to the laundry facilities.

"We have rearranged the apartment floor plans to gain more space and provide easier passage from room to room," Moorehead added. "Storage space is included in each unit, and access to the

storage space is easier."

Managing Sudbury Village will be Mr. and Mrs. Joseph Walker of Norway. The Walkers owned and operated the Norway Lake IGA food market for nearly 20 years. Mr. Walker was also a golf professional for many years. He is now employed by the State of Maine and resides at Rustfield Village.

Applications may be obtained from Mrs. Robert Moorehead of Paris; Mr. and Mrs. Joseph Walker and Crane Associates in Bethel.

FAMILY PLANNING A COMMUNITY CONCERN

The Tri-County Family Plan-
ning program has broadened ser-
vices and now includes Educational
services for clients, schools, and
organizations in Franklin, Oxford
and Androscoggin Counties.

Natalie Morse of Farmington, a
recent addition to the Family
Planning staff, has as one respon-
sibility, the coordination of edu-
cational efforts in the Tri-County
Area according to Paula H. En-
man, Program Director.

Included among Mrs. Morse's
specific responsibilities are: Staff
development offering educational
presentations to local interest
groups and schools; compiling a
resource listing of Family Plan-
ning Educational Materials, (writ-
ten, audio, and visual); counseling
in the areas of contraceptives,
Venereal Disease, Breast and Cer-
vical Cancer, Voluntary Steriliza-
tion, and Problem Pregnancy; and
maintaining close contacts with
area health and educational agen-
cies.

Mrs. Morse said she will be av-
ailable to speak to local groups
and schools on a variety of topics
upon request. Among the subjects
she plans to discuss are: Family
Planning Services, Basic Male and
Female Reproductive Anatomy,
Contraceptives, Venereal Disease,
Cancer in Women, Menstruation
and Menopause, Vaginal Disor-
ders, Pregnancy and Prenatal
Care, Childbirth, Problem Preg-
nancy and Birth Control.

The Educational component of
the program will also make use
of a variety of audio-visual ma-
terials at speaking engagements.
Educational chart, diagrams, life-
size models and films and film
strips will accompany the differ-
ent presentations to help provide
a better understanding of the sub-
jects being discussed.

As an additional service pro-
vided by Family Planning Program,
trained professionals and/or para-
professionals in the health and
education fields may request an
up to date listing of educational
materials and will also have ac-
cess to written, audio visual ma-
terials upon written request.

The Family Planning Program
has also announced plans to con-
tact interest groups, schools and
organizations in the Tri-County
Area to discuss the possibility of
providing educational services.

Any persons or organizations
desiring further information
should contact Natalie Morse at
the Franklin County Community
Action Office in East Wilton,
telephone 645-4931, or long dis-
tance 1-800-482-0124, or family
planning outreach workers.

Hathaway Reports
Sen. William D. Hathaway
The concept of mail delivery
is older than our nation, and for
good cause. The free exchange of
ideas between people is vital to
a republic such as ours; the demo-
cratic form of government would
be an empty idea were it not for
a constituent's ability to directly
contact his or her elected repre-
sentative.

But all is not well with our
postal service these days. When
the Post Office Department lost
cabinet status in 1970, and was
made into a quasi-public corpora-
tion, it was charged with operating
at cost. In short, the Postal Reor-
ganization Act demanded that the
postal service pay its own way. In-
itial subsidies were provided from
the taxpayers' pockets, but these
were to be gradually phased out,
and by 1984 the Postal Service was
expected to break even, and pos-
sibly to turn a profit.

Because it became an organiza-
tion independent of the Federal
bureaucracy, including the Con-
gress, the Administration turned
a deaf ear to its many and im-
mediate problems. And Congress
had no direct authority to over-
see its operations.

In order to comply with the
mandate to run without subsidy,
postal rates were increased and,
in the face of rapidly rising ener-
gy costs and other inflation, cer-
tain cutbacks were ordered, one
of which was to eliminate some
rural post offices. Many of us in
Congress who represent areas with
substantial rural populations be-
gan to take a close look at our
postal system as it impacted pri-
vately on those down rural roads.
We felt there was something
wrong about arbitrarily cut-
ting back services that had become
a way of life for many thousands
of Americans, and we felt that
closer attention should be paid to
the tangible benefits these ser-
vices provide.

Shortly after the Senate reor-
ganized the Postal Service, I
introduced a bill, S. 1000, which
would have restored the Postal
Service to its original status as a
department of the Executive
Branch. The bill was passed by
the Senate, but it was vetoed by
President Carter. I am hopeful
that the House will pass a simi-
lar bill, and that the President
will sign it.

Keeping the lines of communica-
tion open for 225 million Ameri-
cans is vital, and keeping good
service available to rural patrons
is part of the national communica-
tions system. There are also so-
cial benefits involved in this issue
that cannot be provided in a run-
for-profit organization, and be-
fore our rural communities lose
their service some public input
must be assured.

OXFORD CO. SENIOR CITIZENS SPONSORING TRIP TO QUEBEC CITY

For it's last scenic tour of the
season, the Oxford County Senior
Citizens, Inc., will sponsor a four
day and three night tour to Que-
bec City September 12-14.

Quebec is unsurpassed for its
peaceful beauty, historical back-
ground, and many attractions, any
one of which is worth the trip to
see.

The itinerary is planned to in-
clude the Theford Mines, the St.
Anne de Beupre Church (Includ-
ing the Cyclorama, wax works,
etc.), a bus ride down the St.
Lawrence River, Montmorency

fully some time to spend in the
Canadian Shopping Centers.

All governed, of course, by the wea-

nights will probably be spent at
the same motel near the St. Anne
Church on the bank of the St.

LETTERS TO THE EDITOR

To the Editor:
The new school funding law en-
acted in 1972 was a radical change
from the preceding school subsidy
formats. In essence, it said that
the state would fund school costs
based upon a state average. Trans-
portation, debt service, tuition,
special education and new build-
ings would be funded 100%, since
amended to 90%.

In order to have the monies to
fund some of these costs, the
state placed a uniform tax upon
all towns based upon their state
valuation. This uniform tax has
fluctuated between 14-13 mills.

The new format for funding ed-
ucation in this manner has work-
ed to the advantage of the ma-
jority of the towns in our state.
In the towns participating in M.
S. A. D. #44 for example, it has
lessened the tax burden at a local
level ever since it was passed. We
have benefited from it to a great
degree each year since 1974 when
it first came into effect.

The largest inequity in raising
this tax was found to be in the val-
uations of various towns in the
state. Therefore, at the time this
new funding law was passed, there
also was a law passed which said
that all towns must be revalued at
100% of market value by certified
assessors by the year 1977. In 1974
Bethel voters passed an article to
have our town so revalued.

However, the legislators in 1975
amended these revaluation laws
leaving this section of the law
with little in common with the
original one. The 100% valuation
figure was amended downward to
90% in 1976, 80% in 1977 and
70% in 1978 and thereafter. Also
assessors did not have to be cer-
tified until 1980, and then only
if they were employed full time.

The valuations placed upon
towns are arrived at by involved
methods based in part by the
town's own valuation and sales ra-
tios. Since 1970 the state valua-
tion of the five towns in M. S. A.
D. #44 have risen 227% from a
dollar value of \$13,130,000.00 to
\$42,950,000.00. Bethel's valuation
in this present year at a state
level is \$15,000,000.00 (the local
valuation was, under our old val-
uation figures, about \$10,000,000.00

showing that the state considered
us 60% under valued at a town
level.

Sewall Company figures have
set a valuation of about \$28,000,
000.00 and I question whether this
valuation is in the best interest of
the town to adopt.

At \$16,000.00 state valuation,
Bethel's bill to the state will be
\$208,000.00 at the present 13 mill
rate. This money is used to fund
education throughout the state by
the state. The new law says this
uniform tax mill rate will never
be less than 12.5 mills.

If by adopting top dollar market
values we place ourselves in the
position of having our state valua-
tion increased, I question the rea-
soning. What is the advantage to
the taxpayer and our town?

I understand under the old
town valuation that one mill at
local level raised \$11,000.00 and
as our uniform tax assessment
was \$212,000.00 in 1975, that
meant that approximately 19.27
mills of our last year's 39 mill
local tax went to Augusta for
school funding. That is no small
assessment for us to pay.

Education of our young people
is our stock investment for the fu-
ture. It is an important part of
our state's value. It must be fund-
ed adequately by us all for the
benefit of us all, and the new
funding has attempted to do this.
I take no issue with that ideal. I
believe this can be made to work
and work on it the new legislature
will do this coming year.

In the meantime we, in our town
must be careful not to place our-
selves in a vulnerable position by
an untimely action.

I believe that we must be care-
ful not to tax the property tax-
payer to such a degree that a
town faces forced sales, no ex-
pansion, and economic stagnation.

If the state should go higher on
their valuations than our local
valuation, we could appeal it in
Augusta. However, what if their
figure is level with ours—where
then is our argument? Had we not
better wait at least a year and
study this in leisure, correct the
errors and see what the next leg-
islature does on funding the
schools? What are the advantages
in adopting Sewall's study now
and what will be most assuredly
the disadvantages in the future if
we rush into them now?

NURSES MAY 'GO TO SCHOOL' VIA TELEPHONE

Rumford Community Hospital
has contracted with U. M. P. C. to
provide a variety of courses to
its registered nurses and licensed
practical nurses through a project
called "telelectures." The classes
will start in late September.

Jacqueline Morner, R. N., di-
rector of nurses at the hospital,
said the classroom in the medical
building, adjacent to the hospital,
will be wired for outside partici-
pation if there is enough interest
shown by area nurses.

The key to telelectures, which is
sponsored by the Department of
Continuing Education for Nurses
at UMPG, is a two way telephone
system. Equipment will be instal-
led in the two hospital conference
rooms in September, and in the
classroom if interest warrants it.

Telelectures started as an experi-
mental program last year in 12
sites in Penobscot, Piscataquis,
Waldo, Hancock and Washington
counties with instructors in Port-
land, North Carolina, Pennsylvania
and California. Because of the
program's initial success, it is now
being offered throughout Maine.

To date, 28 hospitals and nursing
homes are participating.

Most courses consist of ten one-
hour sessions. All participants can
communicate with the lecturer for
discussion and questions using
two-way microphones. A compre-
hensive bound guide including
learning objectives, pre-tests, bib-
liographies and diagrams are pre-
pared for participants for each
course. Audio-visual materials
such as slides, transparencies and
films will supplement the lecture
when appropriate. Instructors are
professors and practitioners, ex-
perts in their fields.

These courses are approved for
continuing education units (CEUs)
by UMPG and the Maine State
Nurses Association. A CEU is a
national standard of measurement
for non-credit continuing educa-
tion.

First semester courses to date
include: Basic Rehabilitation Nur-
sing; Psychological Basis of Select-
ed Neurological Disorders; Cur-
rent Concepts in Gerontology;
Nursing in Emergency Situations;
Personnel Evaluation; Patient
Teaching; and Pharmacology Up-
date.

Each course will meet once a
week and sessions will be repeated
live or on tape two or three times
a week to accommodate schedules
of participants. In addition, an
evening series, "New Developments
in Nursing and Health Care," will
be held for one hour, once a
month, but CEUs will not be aw-
arded due to the diverse nature
of these short programs.

These courses are available to
nurses not employed by the hos-
pital or for those who are pre-
sently inactive at a cost of \$20 for
one course, or \$32.25 for the en-
tire series, payable to UMPG.
Further information may be ob-
tained by contacting Miss Morner
or the head nurse for inservice
education, Mrs. Margaret Roberts,
R. N., at the hospital nursing of-
fice by August 13. If enough in-
terest is expressed by area

Rumford Community Hospital has contracted with U. M. P. G. to provide a variety of courses to its registered nurses and licensed practical nurses through a project called "telecourse." The classes will start in late September.

In addition, an evening series, "New Developments in Nursing and Health Care," will be held for one hour, once a month, but CEUs will not be awarded due to the diverse nature of these short programs.

Further information may be obtained by contacting Miss Horner or the head nurse for inservice education, Mrs. Margaret Roberts, R. N., at the hospital nursing office by August 13. If enough interest is expressed by area nurses the classroom will be prepared for their use. They will be notified to complete registration forms which are available in the hospital nursing office and are required by UMPG by August 22.

showing that the state considered us 60% under valued at a town level.

Sewall Company figures have set a valuation of about \$28,000,000.00 and I question whether this valuation is in the best interest of the town to adopt.

At \$10,000,000.00 state valuation, Bethel's bill to the state will be \$208,000.00 at the present 13 mill rate. This money is used to fund education throughout the state by the state. The new law says this uniform tax mill rate will never be less than 12.5 mills.

If by adopting top dollar market values we place ourselves in the position of having our state valuation increased, I question the reasoning. What is the advantage to the taxpayer and our town?

I understand under the old town valuation that one mill at local level raised \$11,000.00 and as our uniform tax assessment was \$212,000.00 in 1975, that means that approximately 10.27 mills of our town's 39 mill local tax went to August for school funding. That is no small assessment for us to pay.

Education of our young people is our stock investment for the future. It is an important part of our state's value. It must be funded adequately by us all for the benefit of us all, and the new funding has attempted to do this. I take no issue with that ideal. I believe this can be made to work and work on it the new legislature will do this coming year.

In the meantime we, in our town must be careful not to place ourselves in a vulnerable position by an untimely action.

I believe that we must be careful not to tax the property taxpayer to such a degree that a town faces forced sales, no expansion, and economic stagnation. If the state should go higher on their valuations than our local valuation, we could appeal it in August. However, what if their figure is level with ours—where then is our argument? Had we not better wait at least a year and study this in leisure, correct the errors and see what the next legislature does on funding the schools? What are the advantages in adopting Sewall's study now and what will be most assuredly the disadvantages in the future if we rush into them now?

LEADING THE PARADE—The Manchester Muchachos as they led the parade last Saturday.

BETHEL REPUBLICANS IN MOLLYCROCKET DAY PARADE
Bethel Republicans played a very active part in the Mollycrock Day Parade. After two sessions last week in the barn of Dana and Barbara Douglass, the float featuring District 63 Legislative Candidate Karen Brown was ready for the trip through the streets of Bethel. Karen skillfully portrayed Betty Ross at work on the American flag accompanied by her niece Dawn Marie Brown. Three jolly clowns (Barb Brown, Louise Lincoln and Barb Douglass) were a real hit with the crowds along the parade route as they dispensed good cheer and lollipops. For their efforts, Bethel's Republican clowns were selected by the parade judges as funniest on foot.

HISTORICAL SOCIETY PORTRAY EARLY SETTLERS IN MOLLYCROCKET DAY PARADE

For its entry into the Mollycrock Day parade in this Bicentennial year, the Bethel Historical Society sponsored a walking group portraying some of Bethel's early settlers. Each participant dressed in period costume carried a sign with the name of a town founder. In addition several carried Bibles, guns and axes as might have been the case when Bethel was settled during the American Revolution. Those participating were Barbara H. Brown, Donald Eddy, Sylvia Wright, Persis Post, Rosalind Chapman, Carolyn Brooks, Peter Haines, Rodney Howe, Margaret Thibette, Alden Kennett, Geraldine Howe, Paul Morton, Jay Hastings, Ellen Hastings, Suzanne Seames, Judy Haskell and Stanley Howe. Many thanks to this group for making this commemorative possible.

ALLEN BROS. MAGIC CIRCUS TO SHOW IN BETHEL NEXT THURSDAY, JULY 29

The circus is coming to Bethel on Thursday, July 29, when the Allen Bros. Magic Circus will set up its tent on the Telstar Regional High School grounds for two performances at 4:00 and 8:00 p. m. The Magic Circus, which is a combination of magic and popular circus acts is presented in the format of an old fashioned one-ring circus and is being sponsored by the Bethel Emergency Ambulance and Rescue Service, who will receive a portion of the proceeds from the ticket sales to augment their equipment fund.

The show is designed primarily for the entertainment of children, but many adults are expected to enjoy the show as they recapture some of the fun from their own childhood days. Feats of magic on the program will include floating a lady in mid-air, live birds and animals appearing and disappearing by magic, a famous locked trunk escape. Circus acts on the bill will include clowns, jugglers, tumblers, trampoline acrobats, a fire eater, sword swallower, plate spinner, trained dogs and "Congo, the almost human gorilla." Running time for each performance is about an hour-and-a-half minutes.

The Ambulance and Rescue Service is conducting an advance ticket sale and tickets are available at Cluckey's Pharmacy, Charlie's Place, Bethel, IGA, Hathaway's Country Store (Locke Mills), Village Store (Bryant Pond), or from any ambulance attendant. Rescue Service spokesmen urge people who are planning on attending the magic circus to purchase their tickets in advance as they are being sold at a discount rate, 20% cheaper than the regular prices.

CAMPAIGN '76 - A PUBLIC STATEMENT

Our sincere thanks to every person, organization, club, business and group who participated in, supported, donated, pledged or contributed in any way, financially or otherwise, to the success of Campaign '76 - Investment in Health!

We had the strong conviction from the beginning that the wide Oxford Hills Area served by Stephens Memorial Hospital possessed the strength, desire and capability to successfully conduct and conclude this major community effort. This same community spirit was very evident again at the highly successful 200th Anniversary Parade.

Ultimately, the excellence of a hospital depends on the calibre of its doctors, staff, employees and trustees, but equally important are its modern, quality facilities and its proficiency in every department.

Your pledges and contributions have virtually guaranteed the Hospital's future and in turn, its commitment to excellence in health care and treatment.

Your continued financial support on a voluntary basis over the coming years will help to sustain and expand the advancement we have just achieved.

Unfortunately, the complexities of the campaign and the time involved resulted in certain oversights and disappointments. We know that certain businesses and individuals were not contacted or solicited for pledges or contributions. To these people, we offer our sincere apologies. If any of you, individuals or businesses, are still sympathetic to this worthy community cause, please remove the printed pledge card from this communication and forward it with your check to the Hospital Business Office or please feel free to leave both at the Hospital or call for an interview.

We feel certain that the conclusion of the expansion program will leave all who participated in and supported this once-in-a-lifetime community effort with a personal feeling of satisfaction and deep pride when the area's newest hospital facility is open for the continued advancement of modern health care.

FARINA-OJA

The N. Paris Federated Church was the scene of an attractive candlelight wedding ceremony, July 10, when Beth Eileen Oja, daughter of Mr. and Mrs. Frederick Oja, North Paris, was united in marriage with Bruce Michael Farina, Woburn, Mass., son of Mr. and Mrs. Michael Farina, Phillips, in a six p. m. service conducted by Reverend Morley Durost, grandfather of the groom. The bride wore a floor length white gown with scoop neckline and lace trimmed bodice. She carried a colonial bouquet of carnations in pastel shades, yellow roses and baby's breath.

The maid of honor was Gail Oja, Woburn, Mass., sister of the bride. Bridesmaids were Peggy Lamb, Gorham; Deborah Pickett, Burlington, Mass.; and Julie Oja, North Paris, sister of the bride.

The best man was John E. Matheson Jr., Woburn, Mass., classmate of the groom. Ushers were John Zarella, Winchester, Mass.; Joel Oja, Buckfield; brother of the bride and Michael Farina Jr., Phillips, brother of the groom.

A reception was held at the West Paris Grange Hall immediately following the service. The guest book was circulated by Adeline Stevens, North Paris. The gift table was in charge of Nancy Farina, Phillips, sister of the groom and Mrs. Joel Oja, Buckfield, sister in law of the bride.

A lot of work has been done at the hall. Trash has been hauled away, windows cleaned and new screening and frames stained, outside painting has been started. Many donations have been made and the members are very grateful to each and every one. J. Kalinowski will give his report later when work is completed. A stove suitable for the kitchen is a needed item now.

The supper July 24-5:30 p. m. will feature beans, hot rolls, muffins, hot dogs, salads, scallops, pies, coffee and punch.

The flag raising will be during the bicentennial, Aug. 15, 1 b. lieve, Joseph Perham will do the

honor and by rights he should, as his Dad, Harold (Red) Perham and Joseph Barrett made the negotiations with Methodist Conference, Augusta, in 1946 and the hall was purchased and paid for in one year's time. The flag has been given by Eveline Barrett and her sister, Doris Lawrence, in memory of their brother, Leroy W. Coffin and all who served in the armed forces from this end of the town, both boys and girls.

Callers at the Lawrence's: Mr. and Mrs. Cleon Pinkham, Darlene, Priscilla, Pennsylvania, Brian Bean, Rumford Corner, Mr. and Mrs. Joe Barrett, Mr. and Mrs. Joe Kalinowski, Jeff and Jim Coffin.

— Mrs. Lona Gilbert Corras. —

Please call, or bring in any news you have for my column by Monday a. m. at latest. From now, starting this week I will have to send news in Monday afternoon, instead of Tuesday, so they will be received by the Citizen Office in time to be printed. Thank you.

Pleasant Valley Grange will meet for a bi-centennial observance on Thursday, July 22. The supper will be served at 5:30 instead of 6:00 as the program will include a trip to the Moses Mason House, where Stanley Howe will show slides and conduct a tour of the building. The supper menu will emphasize dishes common to colonial times, including native meats, fowl, baked finnan haddie, beans, corn bread, soda biscuits, fresh vegetables and pies made from native fruit and berries. Members who have colonial costumes are encouraged to wear them.

Several from town attended the Mollusks Day activities in Bethel on Saturday. Many spoke of the parade as being very good. One of the highlights was the Muchachos Drum and Bugle Corps. Some from West Bethel took part in the parade. There was something for all ages to enjoy. Everyone was sorry it happened to be one of those days that rain showers bothered, but the showers didn't seem to dampen the spirits of many. Some that got wet went home and changed and came back.

GOULD CLASS OF 1926 NOTES 50th ANNIVERSARY

Saturday, July 17, found 29 members and guests of the Gould class of '26 celebrating a special summer get-together in observance of their 50th anniversary, at the Sunday River Inn.

The enjoyable affair, was planned by classmates Elizabeth Mason Carter and Dorothy Hanscom Jones, and invitations were mailed to all living graduates and also anyone who ever spent a year or more with the class. Fourteen of those who were once in this class are deceased. No address is available for seven. Eighteen invited were unable to attend.

Master of ceremonies for the event was Kenneth Stanley (Bethel native) Class Salutatorian, of Hackensack, N. J. He read letters from Rachel Bean Perkins, Springfield; Eugene Haselton, Bangor; Florence Coburn Blake, Bethel; Irene Abbott Leibold, Bridgton; Lola Gaudet Drullman, Washington, D. C.; and reported that Attorney Arthur Cockery, New Jersey, was unable to attend due to a court case. Also Franklin Burvis, formerly of West Bethel, now a Florida resident, was unable to attend due to his wife's convalescence from surgery.

Attractive decorations for the tables and the living room were flower arrangements in the school colors of blue and gold featuring daisies, delphinium, forget-me-nots and lilies, created by Mrs. Leland Mason and Elizabeth Mason Carter. Dorothy Hanscom Jones designed gold and blue place cards, with the verses for each graduate which appeared in the 1926 graduation Academy Herald.

The social hour was from 12 to one and Gerald York of Gray, was in charge of the refreshments served from under an awning attached to his camper. This was followed by a delicious buffet served by the Steve Wights and Herbert Nickersons. Mrs. Nickerson had made and decorated a beautiful 50th anniversary cake.

Following luncheon the group adjourned to the living room for an informal meeting conducted by E. Kenneth Stanley, in which all participated, and Class Secretary Colista Morgan, made an announcement of the fall Class 50th

plans at Gould Academy on Monday. Twelve indicated they hoped to attend.

A moment of silent prayer honored the class deceased.

Mr. Stanley assisted by both Carter presented the prizes for the 50th anniversary. Mrs. Ruth Coker, Philadelphia, Pa., the prize for woman coming the longest distance. E. Kenneth the one for the man traveling the farthest from Hackensack, N. J. (Lynda Barnett) seven children went to Mrs. Patti (Lynda Barnett) seven children and the most grandchildren. Walker Philbrook, Pittsboro, N. H. The prize for most married went to Mr. and Mrs. Gerald York.

All enjoyed looking at the pictures from grade school days. The class of '26 is the largest to enter Gould since always was a close knit group, who have fond memories of their years as Headmastership of Prof. H.

Class valedictorian was both Mason Carter; salutatorian, E. Kenneth Stanley; third part, Dorothy Hanscom Jones; fourth honors, the late P. born Taylor.

NOW savings with checks

NOW accounts are for savings, too.

You've certainly heard us praise our new NOW account because it gives you personal checking and pays you 5% interest. But have you discovered that Casco's NOW account is also the most convenient and useful savings account ever invented?

For withdrawals, it's far better than banking by mail.

Whenever you wish to withdraw savings from your NOW account, you simply sit down and write a check. You can pay bills directly with NOW checks or make them out to cash. That has to be more convenient than having to come to the bank to withdraw. And it even beats banking by mail.

5% interest on all your balance.

The big advantage to Casco's NOW account is earning 5% interest, compounded daily, on every penny of your balance, no matter what your balance is. And remember, 5% interest is the legal maximum for all banks. That's right, no bank of any kind can pay you any more.

Your checking privilege can be FREE.

No matter what your balance is, you get FREE checks, personalized with your name. And if you keep your new interest-earning balance at \$250 or more, there's no charge for the check-writing privilege and no charge per check.

What if your savings balance drops below \$250?

If your new interest-earning balance should drop below \$250 at sometime during the month, you pay a \$1.00 monthly service charge plus 10¢ for each

check you write that month.

It certainly makes sense, however, to keep your balance at more than \$250 to be sure of avoiding all charges.

RATE BREAK

There's another reason to open a Casco NOW account for your savings. The money in your NOW account helps you get a break on the loan rate whenever you borrow. Ask us to explain to you how it can help you borrow for less, and why it makes so much sense to do both your borrowing and your saving at Casco.

Switch to NOW Savings!

If you already have either a checking or a savings account at Casco, and want to switch to a NOW account, just visit your local branch.

If you are not yet a Casco customer, open a Casco NOW account for your savings and let us prove that we are, in fact, always thinking of new ideas to help you. Sign up for NOW Savings at any Casco office.

PONY EXPRESS CHILDREN'S THEATRE TO TOUR WEEK OF JULY 26

They named themselves Pony Express Children's Theatre, perhaps to follow the path of the adult touring company, much to the chagrin of certain staff members who had tried to keep Stagecoach Theatre away from cowboys and Indians. Both theatres are in the Arts Institute of Western Maine summer theatre project. Pony Express Children's Theatre will also tour. Performances will be the week of July 25.

Preparations for the show have held as much importance as the performance itself. It is the aim of the Arts Institute to provide a theatre education for the children involved. The children are the ages 8 to 13 years old. Rehearsals are Monday through Friday, two hours every afternoon. Each day the children do their theatre exercises, such as the sound and movement exercises in which one actor at a time imitates a sound and movement to match the other children build off these. Other exercises are the Rag Doll stretching exercise, the Chair, the Machine, transitions, an exercise where the children play and change to different animals or types of persons on an instant's notice, and improvisations where the children are given an outline to a story and work the story to completion, in detail, drawing up on their imaginations.

The children also come away from the exercises refreshed with their imaginations and energies peaked ready for rehearsal of their show "The Turnabout and the Dragon" and the choreographed musical number "There's No Business Like Show Business" by Irving Berlin. Concentration during rehearsals is very good with every actor eager to play his role as he has learned.

The members of the company are from the Farmington-Wilton area. Vicki Laverne plays the tomboy princess, Gloria. Tom Sanders plays King Horace and Caroline Gordon plays Queen Miranda. Prince Michael who is rescued from the dragon by the tomboy princess, is played by Bryce Coleman. John Paul Schneider plays the not-to-be-forgotten dragon who faints at the smell of the royal perfume. Brian LeMoine is Ernest, the keeper of the dragon. Rene LeMoine is the Queen's maid, John, Chris and Chuck Murray and Rick Sanders all play dual roles as the three pages and the three guards.

The director of the Pony Express Children's Theatre is Claudia Schneider of Farmington. Claudia is studying English and Theatre at Colby College, working in acting studio sessions and directing classes. This past spring she participated in a theatre exchange program with Pomona College in California. Claudia is also directing the musical comedy show, "Spatterdash Revue" for Stagecoach Theatre. In past summers, she has also been active in other summer theatre. Other people assisting Claudia are Elizabeth Murray, Cathy Voner and Allen Dunn. These people have guided the children in stagecraft projects to prepare a small set and costumes for their show.

All performances are free of charge and open to the public. The performance dates and locations are as follows: Monday, July 26, 1:30 p. m., Farmington Fairgrounds for Creative Play; Tuesday, July 27, 1:30 p. m., Camp Kineowalia, for Wilton Recreation's summer program; Wednesday, July 28, 1:30 p. m., Alumni Hall, Phillips; Thursday, July 29, 1:30 p. m., Black Mountain Day Camp, Rumford; Friday, July 30, 2:30 p. m., the school gym, Kingfield.

MOLLYCOKETT BICYCLE RACES

The annual Mollycokett Day Bicycle Races were held in front of an enthusiastic crowd and under ominous skies. The races were conducted on a challenging 8/10 mile course comprised of Main St., Broad St., Mason St. and Chapman St.

In the 21st race for ages 10 and under, Erik Froberg, last year's winner, repeated his victory, but not without a stiff challenge from Michael Hart.

Robbie James was the day's hard luck rider, having his chain slip off in sight of the finish and apparent victory in the 11-13 year old three lap race. Instead, first went to Scott Hurd.

Ken Reed proved to be the strongest of the 14-16 year olds in their five lap race.

The 25 lap criterium for licensed riders drew a strong field of 35 riders. By the time the race started, spectators were lining both sides of Main St. in eager anticipation as the field swept through the left hand turn on to Main St. every two minutes. The swift 25 mph pace through the early laps saw many riders dropped as gaps opened on the turns. Midway through the race a group of six riders established a breakaway which eventually lapped the field. With six laps to go a super strong Tom Smith rode away from this group to a sole victory.

On Sunday, most of the same riders plus a few others contested a 40 mile road race which started and finished on the Northwest Bethel Rd. by the airport. Tom Smith was again the most aggressive rider, but had his attempt for a double victory undermined when he jammed his chain five miles from the finish. He was able to regain the field, however, with the help of his teammates. Leading Doug Anderson, Ohio State Champion, had slipped off the front and had established a 200 yard lead entering the last mile. His gallant attempt was foiled when he was caught 100 yards from the finish by a group of five riders. In an amazing display of power, he was able to hold them all off except Richard Mohammed, an outstanding sprinter from New York, who kicked by for the victory.

Saturday results:
10 and under (2 laps): 1. Erik Froberg; 2. Michael Hart; 3. Bradley Gaudreau.
11-13 (3 laps): 1. Scott Hurd; 2. John Owen; 3. Rocky Myers.

14-16 (5 laps): 1. Ken Reed; 2. Jeff Hastings; 3. Tony Butters.

USCF 25 lap race (35 riders): 1. Tom Smith, Conn. Yankee Bike Club; 2. Doug Anderson, New England Wheelers; 3. John Gromek, Century Road Club; 4. Bill Reagan, Century Road Club; 5. Rusty Squire, Green Mt. Yankee Pedalers; 6. David Lamb, New England Wheelers; 7. Joe Kees, New England Wheelers; 8. Mark Betser, Merrimack Valley B. C.; 9. J. Carmichael, Miami Cycling Club; 10. Randy Palmer, New England Wheelers; 12. Art Froberg, Bethel.

Sunday results:

USCF 41 mile Road Race (20 riders): 1. Rich Mohammed, Century Road Club; 2. Doug Anderson; 3. Tom Smith; 4. Jim Fraser, Conn. Yankee B. C.; 5. John Gromek; 6. Clarence Ballard, Century Road Club; 7. K. Carmichael; 8. Jon Williams, Stowe B. C.; 9. Rene Dumont, Sherbrooke, P. Q.; 10. Art Froberg; 22. Eric Dombkowski.

WOODSMEN'S SHOW WAITS OUT THE STORM

Between three thundering downpours, the Fourth Annual Maine Open Woodsmen's Championships managed to stay afloat last Saturday afternoon. It was nip and tuck from the beginning and it almost seemed as though the sun was going to break through and shine on the lumberjacks all afternoon.

The fast moving Chainsaw Steeplechase was the only event of the day done on fairly dry grass. Seventeen streamlined saws challenged the four station course. Ira Stevens, Perkinsville, Vt., came through the course in a lightning fast 24 seconds, and right on his tail was Alan Chapman, Bethel, with 25 seconds and behind him Ron Johnson, Jewett City, Conn., with 27.5 seconds.

About mid-way through the two man log rolling event the second big black rain cloud moved in and dumped its contents over the Common. Off to cars and under trees and any other available cover went contestants and spectators alike. Announcer Fred Burk, Sunday River, called the show back on the road a few minutes later. David Kennison, driving the Chapman and Wheeler logging truck, set the log and the next pair of log rollers started the log on its way. Jim Colbert, Brookfield, Conn., and Peter McGivney, Hempstead, N. Y., captured the trophy by doing the job in a mere 17.4 seconds, a full 2.11 seconds ahead of Alan Chapman and Ira Stevens.

Crosscut sawing, one of the more popular of the events, was even more fast moving this year as can be seen by the closeness of the first three place winners. Slitting off the two pieces of 10"x10" pine the fastest, was the father-son team Sven and Ron Johnson, Jewett City, Conn. This world champion cross-cut team was finished in 10.4 seconds. Two brothers, Tom and Rick Geer, Lisbon, Conn., were only two tenths of a second behind them, and only a second behind them was their father, former World Champion Dave Geer and his partner, Rudy Dettner, Youngstown, Ohio.

Bucksnagging gave the audience one of the more spectacular shows as Gilles Levesque, Quebec, Canada, eased his bucksnag through the timber and made one complete cut in 9.5 seconds. It took second place winner Bob Hoffman, Calais, Vt., 10.1 seconds and Rudy Dettner, 11 seconds flat.

The biggest and longest downpour of the day over, the final three events were run, not without a few sprinkles and lingering clouds, but without further interruption.

The crowd remained, wet but ready for the supersaws. The lumberjacks were coming on the field now carrying those fire-breathing machines. Although the chips came faster from the supersaws, the chips were bigger from the show chairman, Rex Thurston's saw. Rex was always on hand to smooth out rough spots and saw off uneven portions of the 20" round pine. Three cuts were made in that pine in 11.1 seconds by 1975 World Champion Chain Sawer Ron Johnson. Dave Geer came in next with 12.5 seconds and Ira Stevens followed with 15 seconds flat.

Under Use of Drugs by the Elderly

The problem of taking excessive amount of drugs doesn't begin to compare with the potential for under use of prescription drugs by the elderly though tranquilizers and sedatives can become "chemical strait jackets" for boarding homes and nursing homes. Ninety-five percent of the elderly are not institutionalized. These patients are apt to take drugs improperly, have trouble opening containers, or lack money for transportation to get the drugs in the first place. Elderly persons tend to be "quite conservative" in their use of drugs, so under utilization is far more prevalent than over drugging plus the constant phrases of "dope, narcotic, etc., drug dependency, scare the elderly out of taking their medications prescribed by their physician that are needed to maintain good health."

GREENWOOD FIRE DEPT. TO HOLD AUCTION

The Greenwood Fire Department will hold an auction at the new fire station on Howe Hill Rd., in Locke Mills on Saturday, July 24 beginning at 10 a. m. In the event of rain—Sunday, July 25. The fire department auxiliary members are requested to donate brownies or cookies to be sold at the refreshment stands. All such contributions will be greatly appreciated.

Be part of the ACTION at the AUCTION.

The modern day Paul Bunyons readied for chopping and tree felling. Chopping gave the show the only tie of the day, Dave Geer captured first place by chopping completely through his 10"x10" in 14.9 seconds. The tie between Sven Johnson and Rudy Dettner resulted in a chop-off, giving Sven second place and Rudy third.

With the weather still holding off, the contestants readied their spruce trees for chopping them down. There was only one direct hit on the target. But it was this one direct hit that captured Ron Johnson not only the tree felling trophy, but also boosted his points high enough to give him the P. H. Chadbourne Lumberjack of the Day plaque.
